CLARY'S WIGS

Dear Hair Specialist,

We are proud to introduce you to CLARY'S WIGS, a family owned business serving customers both nationally and internationally for more than 25 years, with upscale wig products.

Our long list of wig products includes Clary's most popular classics as well as new lines of contemporary styles including Funky, Long Branch, Dream Fall, Long Story, Funwave and many more. At Clary's we are proud of our sophisticated designs, superb workmanship, superior quality and up to date approaches to the contemporary world of wigs. Our products have consistently been ranked the best, sought out by customers seeking the long lasting, better quality chic product, while our staff consistently strives to meet clients' needs in a friendly and personalized manner.

AT CLARY'S:

- Each wig is treated individually in its hair selection process, construction and manufacturing. There is no mass production – there is only “your wig.”
- Only finest quality 100% natural European human hair is used. Our long standing reputation as the company with the best quality hair is enviable in the industry. All hair is personally selected by reputed experts only.
- All colors are 100% natural European human hair. There are no synthetic products. We do not dye hair. For all custom orders, hair is blended to client's desired shade.
- Clary's curly and wavy styles are among our banner products, considered unique and hard to duplicate. Many hair stylists refer their clients to Clary's for their curly requests.
- All Clary's wigs are constructed so that little cutting is necessary. Right out of the box, the style is recognizable as depicted in our catalog – web site.
- At Clary's you are our most important customer. The attention given to you and your requested products complements our updated and sophisticated wig products.
- Clary's is equally renowned for the sensitive, skilled and professional care given to clients with various health concerns including post chemo needs as well as alopecia conditions. Clients travel from throughout the country to consult with Clary and get her wigs.

AT CLARY'S we have seen thousands of faces light up when putting on their Clary's wig. We are confident your customers will likewise respond with satisfaction and a renewed sense of self, dignity and self confidence.
